

A rustic interior scene featuring a teal door with a woven basket hanging on it. To the right, a wooden crate shelf holds a 'LOVE' sign and purple flowers. A round mirror and a lantern-style light fixture are on the wall. A patterned rug lies on the wooden floor. A large green plant is on the right side of the frame.

Rugs & Runners

A Bespoke Service by

ulsterTM

www.ulstercarpets.com

Go Bespoke with Ulster...

Now you can create a personal style statement with Ulster's bespoke rug and runner service. Combine a sophisticated border with a timeless Ulster carpet for a unique look... in just four easy steps.

Step 1: Size it up

Measure out your space and decide which is the best sized rug for your room.

Step 2: Choose your Carpet

Patterned, plain or textured? You will be spoilt for choice with all the Ulster options available. Your Ulster retailer will calculate the amount of carpet required using Ulster's multi width system. This ensures minimum waste and cost to the consumer - you only pay for the carpet you need!

Step 3: Style it your way

Our border options come in a range of high quality textures which will be carefully seamed and mitred to your chosen carpet. With 44 colour options available you can use our handy guide (see reverse) to match your carpet choice to a co-ordinating border. Our Ulster designers will then get to work mocking up a PDF of how your rug will look, ensuring the carpet design is central to the rug. You will have the opportunity to sign off the final design before ordering is complete. Once you are happy, your retailer will confirm the order.

Step 4: Enjoy your bespoke Ulster rug or runner!

Rug Sizes

Getting the size right of your rug is important as this will have an impact on the finished look of your space. Consider where the rug will be used and measure accordingly, remembering they should be used to 'ground' pieces of furniture rather than floating like an island. Making the rug as big as possible will make your space appear larger.

Top Tips

We recommend using a non slip underlay underneath your rug to ensure your rug stays in place especially on top of a wooden or hard floor. This will prevent the rug moving underfoot, avoiding slips or falls. The underlay should be fixed to the carpet section only - not the binding - to encourage the rug to lie flat.

Delivery

Delivery times can vary - but lead times are usually 2-3 weeks from placement of your order. Your Ulster Retailer will let you know when your beautiful new rug or runner is ready.

Need More Inspiration?

You can follow Ulster Carpets on social media for inspirational ideas for your home. Check out the Gallery section of our website for more photos of our luxurious carpets. www.ulstercarpets.com/residential/gallery
