ANATOLIA

One of the most enduring and much-loved collections from Ulster Carpets has been reawakened with the introduction of three fresh new colourways to ensure it remains relevant for the new decade.

With its quintessentially classic Persian interlacing medallion design, Anatolia is one of the company's most popular and long-standing ranges. Influenced by a subtle reimagining that plays on the strength of this design, the addition of these three new colourways introduces the greys, blues and neutrals found in modern interiors. The three new colourways - Aswan, Souk and Bedouin - are all themed around our aspirations of travelling and experiencing other cultures.

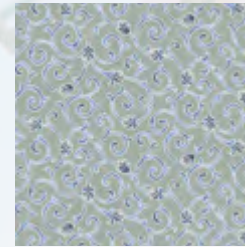

Perfect as wall-to-wall carpet or as a flowing stair runner, Anatolia is now available in 13 different colourways and three designs, making it perfect for every type of interior style.
