NATURAL CHOICE TEXTURES

Design: Natural Choice Textures Teeswater

Natural Choice Textures

When you think of wool, you automatically think of a white material that is naturally soft.

Yet nature has gifted us with different sheep breeds that have naturally different coloured fleeces. Natural Choice Textures blends these different fleeces to create a broad colour bank of entirely natural colours.

Made of 100% undyed British Wool, each of the eight colourways in this new 6 ply loop range from Ulster Carpets is named after a different sheep breed.

Cheviot, Southdown and Woodland consist of a warm group of colours, while Teeswater, Drysdale and Jacob provide a neutral base. Finally, Swaledale and Hebridean offer a choice of cooler greyer shades.

This new loop range enhances a successful Natural Choice collection that already includes Axminster and Wilton carpets.

Natural Choice Textures is suitable for Heavy Wear applications and is available in 5, 4, 3, 2 and 1m Multi Widths.

Design: Natural Choice Textures Swaledale

100% Undyed British Wool
Loop
