Open Spaces

Open Spaces is a comprehensive loop collection made from 100% wool to deliver a textured, contemporary look that is soft, warm and durable.

Open Spaces is offered in an extensive array of organic colours that will merge seamlessly into all interior schemes and coordinate perfectly with Ulster's extensive woven Axminster offering.

The Open Spaces Laneve™ range has been developed in partnership with Wools of New Zealand. The wool used in these carpets is fully traceable and is supplied by farmers who must meet a comprehensive range of environmental, social responsibility and animal welfare standards.

Inspired by the New Zealand coastline, Ulster Carpets have added two new designs in eight new colours to the Open Spaces Laneve range.

The tufted loop range already includes Auckland, Queenstown and Wellington Loop and the addition of the Raglan and Napier designs will provide customers with a greater degree of choice.

Dubai

			35/1319 Glaze

Open Spaces Laneve

Ulster Carpets, working in partnership with Wools of New Zealand, have developed five 100% New Zealand wool tufted (loop pile), Laneve ranges, Auckland, Queenstown, Wellington Stripe, Raglan and Napier.

Manufactured in Denmark by danfloor (an Ulster Group Company specialising in the manufacture of tufted products), the Open Spaces Auckland, Queenstown, Wellington Stripe, Raglan and Napier ranges utilise a dense loop pile texture to create a contemporary floor covering that is also soft and warm.

In choosing any of these Wools of New Zealand Laneve products the consumer is purchasing a luxurious 100% wool carpet, supplied by farmers who must meet a comprehensive range of environmental, social responsibility and animal welfare standards.
